TECHNICAL SKILLS

Front End | JavaScript (ES5 and ES6), React, HTML5, CSS3

Back End | MySQL, RESTful APIs

Developer Tools | Git / GitHub, npm, VScode

WEB APPLICATION PROJECTS

Country Search App | [Live Demo](#) 2022

A search app where users can search for and learn about the different countries in the world.

JavaScript | React | CSS3 | REST APIs

Users are able to:

- See all countries from the API on the homepage
- Search for a country using an input field
- Filter countries by region
- Click on a country to see more detailed information on a separate page
- Click through to the border countries on the detail page
- Toggle the color scheme between light and dark mode
- [Github Link](#)

Multi Step Form | [Live Demo](#) 2022

A multi-step product purchase form with email validation using an API, and using state management to track user entries for each step.

JavaScript | React | Tailwind | REST API

Users are able to:

- Complete each step of the sequence if the email input is valid.
- See a summary of their selections on the final step and confirm their order
- View the optimal layout for the interface depending on their device's screen size
- See hover and focus states for all interactive elements on the page
- [Github Link](#)

Business Brochure Page | [Live Demo](#) 2022

Single page business brochure website

JavaScript | HTML5 | CSS3 | Ajax | PHP

Users are able to:

- View the optimal layout for the site depending on their device's screen size
- View business services, products, and work samples
- Navigate easily through the different business sections and categories
- Contact the business directly by filling out a contact form on the page.
