TECHNICAL SKILLS

NextJs, TypeScript, Tailwind CSS, Jest, Vitest, Express, Node, REST APIs, MySQL

RECENT WORK EXPERIENCE

Front-End Developer @ Chingu   *Oct. 2022 – Present*

- Was responsible for building and maintaining reusable hooks and plugins for React projects.
- Worked closely with the UX/Design team to make a seamless and integrated user experience.
- Collaborated with teammates to build and integrate custom REST APIs that allowed seamless data exchange between multiple servers.
- Served as team guide to intern developers during their 6-week internship period, offering coding direction and additional non-technical advice.

Front-End Developer @ TheForgottenAdoptionOption   *May 2022 – July 2023*

- Collaborated with teammates to optimize the application for maximum speed, scalability, and security.
- Built a custom chatbot to improve support and provide hands-on information to users at all times.
- Migrated the codebase to Tailwind CSS to allow for an easy customization experience for developers and provide a smoother responsive experience for users.

WordPress Developer @ Arvo Trade   *Jan 2020 – May 2022*

- Built & maintained 20+ custom CMS sites, plugins, and tools.
- Implemented multi-factor authentication systems to prevent unauthorized access to paid resources, resulting in 40% cost-savings and enhanced client security systems.
- Identified and fixed web page layout and design issues.
- Increased client conversion by 30% by integrating secure payment methods and improving accessibility for conversion forms.

RECENT WEB APPLICATION PROJECTS

What2Wear App | Visit Site | GitHub
A weather app that recommends outfit styles to users based on their location and current weather conditions. **React, Node, Express, REST APIs, MySQL**

TECH-COMMUNITY ENGAGEMENT

Community Manager, WWT Cohort - helping new developers grow and become ready for the job market.

Voyage Guide, Chingu.io - helping developers gain the useful experience needed to land a Software Developer job.

EDUCATION

University of Ilorin (Ilorin, NG)
BSc. Industrial Chemistry.

ADDITIONAL WORK EXPERIENCE

IT Support @ Philadelphia Schools.
